Leerdoelen:

At the end of this course the student is able to:

- understand basic written and spoken Dutch,
- engage in simple conversations in Dutch and
- write short, informative texts in Dutch.

Inhoud

- This course is offered for students with absolutely no knowledge of the Dutch language.
- The classroom activities are founded upon various tasks. These tasks are functional and directly linked to a concrete situation, such as how to order something in a restaurant, how to ask someone for directions, how to write a simple letter, etc .
- By using multi-media the teacher provides learners with opportunities to develop the four language skills; listening, reading, writing and speaking. In addition to the course book, we will use authentic language material (e.g. newspaper articles, film).
- Lessons incorporate information about Dutch culture and society wherever possible.
