Bachelor Europese Studies: Taalvaardigheid

Leerdoelen:

At the end of this course the student is able to:

- understand simple written and spoken Dutch,
- engage in basic conversations and
- write simple, informative texts.

Inhoud

- This course is offered for students who understand some Dutch, but are incapable of making themselves understood in Dutch.
- The classroom activities are founded upon various tasks. The course focuses on functional Dutch language skills. Students will learn, for example, how to order something in a shop, how to talk about their family, how to write a short letter, etc.
- By using multi-media the teacher provides learners with opportunities to develop the four language skills; listening, reading, writing and speaking. In addition to the course book, we will use authentic language material (e.g. newspaper articles, film, Dutch songs).
- Lessons incorporate information about Dutch culture and society wherever possible.
