Bachelor Europese Studies: Taalvaardigheid

## Leerdoelen:

At the end of this course the student is able to:

- understand most written and spoken Dutch,
- engage in more advanced conversations and
- write different types of texts (e.g. book reports, letters, essays).

## Inhoud

- This course is offered for students who have a reasonable understanding of everyday Dutch and of Dutch used in the media and can make themselves understood in simple, everyday Dutch.
- The course focuses on improving and developing students' functional Dutch language skills. Students will learn, for example, to tell how they feel, to describe differences between their own country and the Netherlands, to give their opinion on something, etc.
- By using multi-media the teacher provides learners with opportunities to develop the four language skills; listening, reading, writing and speaking. In addition to the course book, we will use authentic language material (e.g. newspaper articles, film, Dutch songs, novels).
- Lessons incorporate information about Dutch culture and society wherever possible
